REQUEST TO VACATE OR MODIFY INTERVIEW SUMMARY
ATTACHED TO NOTICE OF ALLOWANCE

Honorable Commissioner for Patents
U.S. Patent and Trademark Office
Randolph Building, Mail Stop ISSUE FEE
401 Dulany Street
Alexandria, VA 22314

Sir:

The last paragraph of the "Interview Summary" requires the Applicants to file a statement of the substance of the interview. But Applicants submit that the "Interview Summary" appears on the wrong form, and that the last paragraph which appears on the mailed form should not be present **because the interview was initiated by the Examiner**. The PTO has a different form for an Interview Summary when the interview is initiated by the Examiner and that form does not require an Applicant to file a Statement of the Substance of the Interview.

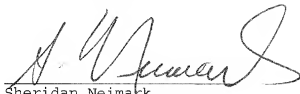

Accordingly, Applicants respectfully request that the Interview Summary either be (1) vacated or (2) modified so as to not require the Applicants to file a Statement of the Substance of the Interview.

However, to complete the record, Applicants state that, according to the recollection of undersigned, the Examiner called to confirm that the last amendment to the claims occurred in the Amendment of September 2006, and that this was confirmed by undersigned.

Respectfully submitted,

BROWDY AND NEIMARK, P.L.L.C.
Attorneys for Applicant
